

## **Immediate Action Required**

October 30, 2020

Dear SCM Family,

We have been notified that your child(ren) received (or may be receiving) a P-EBT card in the mail from the Indiana Family & Social Services Administration (FSSA) in error earlier this week. This error is the result of your child's name being included in the data file submitted by School City of Mishawaka to the FSSA.

The card was intended for students who typically receive free or reduced lunch prices by meeting specific household income guidelines as determined by the Indiana Department of Education.

Your card is being deactivated by the FSSA effective immediately. Additionally, it has been requested that all cards, including those that have been activated, be brought back to your child's school office no later than Monday, November 9, 2020. You are welcome to drop the card off during normal school hours or to send the card to school with your child(ren). Once received, no further action on your part is necessary.

We apologize for this inconvenience and appreciate your cooperation as we work to quickly rectify this situation.

Sincerely,

Wayne Barker  
Superintendent of Schools
